

Perimeter Hardware

Perimeter Hardware provides storage solutions for the walls of your stockroom, making them an effective use of space. We carry a comprehensive selection of wall standards and brackets; notably, the superior heavy duty line which holds significant weights for substantial loads. The perimeter hardware product line offers several accessories including hangbars, brackets, arm hooks, particle board and melamine shelving (available in custom sizes and finishes). Expand your storage space with our extensive line of perimeter hardware for your hanging, folded or miscellaneous requirements.
